Sony Expands VAIO® Ultrabook™ Line

- **T Series now available in 39.5cm (15.5") screen size**
- **An elegant and responsive Ultrabook™ with large Full HD touchscreen**

Sony today announced it is expanding its top-selling VAIO® T Series Ultrabook™ line with a new touch-enabled 39.5cm (15.5") model with Full HD allowing consumers to experience the full benefits of Windows 8 in a stylish clamshell form factor. Packing high performance into an elegantly slim aluminium and magnesium design, the new T Series 15 is made for efficient computing anywhere.

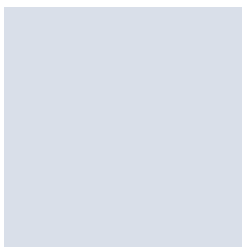

Adding more choice to an already appetising Ultrabook range, the T Series 15 is available with an optical drive and full backlit keyboard with numerical keypad. It also incorporates a wealth of connections and features such as Rapid Wake for fast power-up, a hybrid 500GB HDD +24SSD, long battery life of up to 6 hours^[1] and full set of interfaces including USB3.0, HDMI, VGA, Ethernet and SD Card. Uniting Sony's wealth of technology expertise, the T Series 15 integrates Sony's innovative digital imaging and audio technologies to make it stand out from the crowd.

Made for touch and travel, weighing just 2.34kg, it's ready to run for hours with all the connections you need for rapid performance whatever you're doing, wherever you are.
